ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Greenfield Housing Authority administers a number of different housing programs including elderly, congregate, a group home for the disabled, family housing which includes veterans housing, large single family houses, duplexes, condos and state financed rental assistance. The only federal housing program administered by the Authority is the Tenant Based Section 8 Program. Accordingly the Authority has attempted to meet the housing needs of the Community through a variety of programs. The Authority believes it is important to note these efforts as the Agency Plan only allows an agency to report on the federal housing it administers. Recognition of all efforts to meet housing need is important in evaluating past performance and setting future goals.

In developing the Agency Plan the Greenfield Housing Authority noted and concurred with findings as contained in the Commonwealth's Consolidated Plan. It was noted that in Western Massachusetts there is a shortage of rental subsidies. The problem with finding affordable housing in Western Massachusetts is attributable to low incomes, whereas in Metro Boston it is attributable to high rents. As a result of working with Section 8 Family Self Sufficiency clients the Authority can also attest to the need for services as stated by the Commonwealth. We have also noted a shortage of units to serve what is an apparent increase in the number of households. We believe production programs both public and private will be needed in coming years to allay this shortage, which is nationwide

The Authority reviewed data contained in the Consolidated Plan, the CHAS, Census Data and Greenfield's Community Profile as contained in Census Data. Obviously the data contained in those plans is from the 1990 census and is dated. The 2000 Census will no doubt reveal demographic changes and more accurate data will be welcomed.

Based upon need, the Authority applied for Fair Share and Mainstream Vouchers in FFY 2002. These applications were submitted in collaboration with other service providers and agencies that we partnered with. The Authority was turned down for both Fair Share and Mainstream Vouchers. The Authority also entered into a partnership with the Springfield and Northampton housing Authorities in August of 2000. This partnership was successful in receiving funding through the Family Unification Program (FUP).

Through our FSS program, graduates have been able to move off public assistance and use their escrow accounts to purchase homes. FSS participants have also received computer instruction, upgraded computers and been the recipients of computers to help them in school, work or their own business. The Authority also donated upgraded computers to agencies which assist our FSS clients with training and job searches. We have offered English as a second language to a growing number of immigrant families that have moved in the community. We have also been able to offer computer use instruction in their native languages also.

The Resident Advisory Board (RAB) met at a meeting scheduled by the Authority to discuss the prior year's accomplishments and proposed changes to the 2003 Annual Plan. RAB members were sent copies of the 2003 Annual Plan in advance of the meeting for

HUD-59075

comment, suggestions and recommendations.

The Executive Director related to the RAB that in addition to the RAB meeting, a public hearing is to be held on 12/16/02 to receive comments and suggestion from the public at large. Additionally the following items were discussed:

The RAB was please to be informed the Authority's Section 8 Homeownership program has been implemented. Prior to implementation, meetings were held with local banks, realtors, insurance companies etc., in order to gain their support and participation. A separate meeting for FSS participants, advocates and service agencies was also held. The Authority recently amended its administrative plan to allow homeownership applicants the option to receive the onetime downpayment and closing cost assistance payment as published in the October 18, 2002 Federal Register. The Director explained how it would work but added that he felt few participants would take advantage of it, as the continuing HAP payment would benefit most homeownership clients in the long term. Even so, as explained it was an option that might work for some households.

The Director told the members that a second round of Section 8 Project Based Assistance (PBA) was advertised with huge success. In fact, the Authority was over subscribed by landlord interest. One of the RAB members questioned as to why a certain landlord's applications was denied on the basis of location. The Director explained that the program regulations prohibit placement of PBA in census tracts where the poverty rate exceeds 20% of medium income.

A true success story related to the RAB by the Director is the participation of 44 households in the Authority's FSS program. The Authority is only required to serve 20 participants but chooses to assist more because of the merits of the program and its benefits to families. 80% of participants have money in escrow accounts and they will be prime candidates for homeownership in the future.

One RAB member questioned why the Authority had not opted to select more than 75% of applicants from its waiting list that were below 30% of medium income. The director explained that in reality that 90-95% of applicants selected were below 30% of medium income and the Authority did not want to exclude otherwise income eligible families that are also struggling with high rents.

The Director informed RAB members that the Authority had recently opened its Section 8 waiting list to accept 300 applicants by lottery. One RAB member questioned how the opening was advertised. The Director said that it was advertised in the local paper, a regional and minority newspapers. An ad was also placed with the local radio station (which also doubled the airtime for free for non profits) and local cable TV. Copies of the ad opening were also sent to numerous service agencies. The Director also stated that in January the Authority would join with other housing authorities state-wide and participate in a centralized waitlist. This new waitlist will eliminate duplication and allow applicants to apply once and be on the lists of all participating housing authorities.

The Greenfield Housing Authority will exhaust applicants on its current list before selecting applicants from the new centralized list.

The Director explained that the Authority is still offering workshops and instruction on budgeting and computers in addition to counseling on personal and job skills. Homeownership planning and donations of computers is also offered to FSS clients as listed on page 39 of this plan.

The Authority is also involved in an effort to develop a supportive housing/assisted living facility for the elderly in the community. An RFP for a market study has been issued and the Authority expects to receive preliminary support once the results and need is documented.

As a first illustration, let us apply the technique to the standard definition of linear as given by Neiderman, et al. In this case, a neural NFA can be constructed by linearizing each of the constraints over the extended field of the complex numbers. Neiderman's original paper is in [10]. The NFA implementation is given as a demonstration over the following matrix polynomial of the variables x and y in [11].

ATTACHMENT C - Section 8 Homeownership Capacity Statement

The Greenfield Housing Authority has developed the capacity to successfully operate a Section 8 homeownership program. In the past the Authority has developed and administered moderate rehab, new construction and CDBG housing rehabilitation programs. We have partnered with another area PHA (HRA) that is currently operating a self-help homeownership program and which also offers first time home buyer financing using various private and government financing vehicles. The HRA also has received funding from the Housing Assistance Council for a home buyer counseling program. We require that our clients attend both pre and post home buyer counseling program in order to assure their success as new home buyers. This has also been strongly advised by local banks during our discussions with them concerning the homeownership program..

The Authority has gathered community-wide support for the section 8 homeownership program. The GHA and RHA have sponsored community meetings and invited local banks, realtors, contractors, social service agencies, government agencies and other groups that we know can assist us in operating a successful homeownership program in our community.

To date we have obtained NAHRO sponsored training from LISC, Bank America, Fannie Mae and the Neighborhood Assistance project. The Authority has met with local banks and they have all expressed interest in the program. We have implemented the program and plan to offer the recently passed downpayment and closing cost assistance option to participants.

Families are actively looking to purchase homes at this time and we are sure purchases will be made through the program in this fiscal year.

ATTACHMENT D - Progress in Meeting the 5- Year Plan's Mission & Goals

The Greenfield Housing Authority applied for Fair Share and Mainstream vouchers in f/y 2002. The Authority was turned down for both requests. A new program monitoring system developed by the Authority to track statistics has assisted us in maintaining strong SEMAP ratings.

The Authority's Mobility counseling and self sufficiency efforts have been very successful. Forty Four (44) families are enrolled in the Family Self Sufficiency Program, more than double the minimum program requirement of twenty (20) families. The Authority's equal opportunity efforts are recognized by the fact that families are receiving assistance in all areas and neighborhoods of the community.

The Greenfield Housing Authority is the current fiscal year implemented a homeownership component of our Section 8 Voucher program. We implemented the program in conjunction with another area housing authority. Four local banks currently offer first time home-buyer financing and have expressed interest the Section 8 homeownership program. Our local partners such as banks, realtors, public service agencies, contractors and government agencies are pleased to assist us in implementing the Section 8 Homeownership program.

The Authority also believes there is a strong need for elderly affordable assisted/supportive housing in the area. To address that need the Authority has partnered with Franklin County Home Care Corporation and is in the preliminary development stages of developing such a facility. We have met with the Massachusetts Housing Partnership (MHP) and the Community Economic Development and Assistance Corporation (CSDAC) and obtain preliminary support. At their request we have issued an RFP for a marketing study to be performed.

ATTACHMENT E – Resident Membership on the PHA Governing Board

The Greenfield Housing Authority is a PHA that only administers Section 8. As such the Authority qualifies for the “small PHA exception.” The Authority has and will in accordance with the regulation provide reasonable notice to the resident advisory board of the opportunity to serve on the Authority Board of Directors. The Authority will also wait a reasonable time after the resident advisory board has received the notice.
